Where kids love coding

App Development

Hello ! Young Coders

Get ready to Fall in love with coding

Accredited by

About Codingal

Codingal offers online classes for K-12 students to learn coding by creating apps, building games and developing websites.

We offer live 1:1 coding classes taught by all-star instructors with a computer science background.

Coding has been shown to have numerous benefits in multiple studies. According to one study, children's cognitive skills improved sevenfold with coding.

In addition to improving their computational abilities and logical thinking, coding improves their writing skills as well.

As a result, kids who begin coding at a young age will have a definite advantage.

Our Mission

To inspire kids to fall in love with coding

Codingal empowers kids to become innovators of the future

Bl

Why should kids learn coding?

Coding is the new literacy.

In recent years, technology has made inroads into all aspects of our lives. We've come to rely on websites, apps and gadgets to help us through the day, be it at work or at home.

Given the enormous role technology is going to play in the future, teaching kids to code is the best way to prepare them for success.

What are the benefits of learning coding?

- Helps develop problem solving skills
- Boosts analytical and structural thinking abilities
- Enhances creativity and imagination
- Helps find innovative solutions to real-life issues
- Helps develop resilience

Why this curriculum?

- Accredited by STEM.org
- Rated 4.6 out of 5 by students and parents
- Based on BIDE (Broad, Inspiring, Deep and Efficient) model
- Focus on STEAM (Science, Technology, Engineering, Arts, Math) subjects
- Enhances cognitive, logical, and computational skills
- Makes learning highly effective, interactive, and fun

Foundation of our curriculum

Accredited by

BLOOM

Bloom's Taxonomy is a standard guideline for K-12 content development, which includes 6 stages of learning: Remember, understand, apply, analyze, evaluate and create.

BIDE

The BIDE (Broad, Inspiring, Deep and Efficient) model has been developed by Codingal in-house to ensure that our curriculum caters to the unique learning style of every child.

STEAM

STEAM is an approach to learning that uses Science, Technology, Engineering, the Arts and Mathematics as access points for guiding student inquiry, dialogue, and critical thinking.

Covers K-12 Computer Science Framework compliant

Enhance Your Math and Science Concepts with Codingal

Blog

Microscope

Codingal's mission is to provide students with the skills and mindset required to thrive in the twenty-first century. Our curriculum aims to help kids understand math and science through coding in an interactive and fun way.

Our coding courses are engineered to cover essential science and math concepts like integers, solar system, microorganisms, geometry, water cycle, etc., in a way that these concepts are imprinted on the kid's memory forever.

Calculator

Our teachers provide individual attention to kids, customize projects based on their interests and make them fall in love with Coding, Math, and Science.

Application Development course- Overview (1)

A focused course to teach kids how to build apps and publish them on Google Play Store.

36 Classes
35+ Projects
36 Quizzes

Key learnings

- ✓ Principles of app building
- ✓ Calling, texting, emailing from apps
- ✓ Sign in feature
- ✓ Application programming interface

Achievements

- ✓ App Publishing
- ✓ Hands on experinece on Thunkable platform Design
- ✓ thinking
- ✓ App architecture

Featured Projects

Donut Game

Learn to create a fun Donut maker game.

Messenger

Create a Whatsapp like chat application using firebase.

Module 1

UI/ UX design

Learn to build interactive and creative apps like Health App.

Language:
Block based

Platform:
Thunkable

6 Lessons & 15+ Projects

touch me not

Health App

Module 2

Mobile App Development

Introduction to basics of Application development. Create exciting games like Space warriors.

Language:
Block based

Platform:
Thunkable

6 Lessons & 10+ Projects

Gyro maze

Space warriors

Unlock Basic Android Application Developer Certificate

Module 3

Utility Apps

Learn to create an application that can check the strength of your password.

Language:
Block based

Platform:
Thunkable

6 Lessons & 10+ Projects

Captain america

password strength checker

Application Development course- Overview (2)

Module 4

Native applications

Learn how to build games and app using cloud storage.

Language:
Block based

Platform:
Thunkable

6 Lessons & 10+ Projects

Audio video recorder

Snap it

Unlock Advance Animation and Game Developer Certificate

Module 5

Firestore Integration

Learn how to pass data through Firestore and create exciting application like Journal app.

Language:
Block based

Platform:
Thunkable

6 Lessons & 10+ Projects

Tap Pong game

Journal app

Module 6

App Publishing

Create a multi-gaming application using sign-in feature. Publish your own Application on Google Play Store.

Language:
Block based

Platform:
Thunkable

6 Lessons & 2+ Projects

Sign in

Multi gaming app

Unlock Pro Android Application Developer Certificate

Top 10 benefits of learning at Codingal

1. Regular PTM

Great opportunity for parents and teachers to open two-way communication and to share insights and information for the holistic development of a child.

2. Regular doubt session

After every module solve all your queries in this personalized session. The toughest problems addressed – concepts revised and doubts cleared!

3. Engaging quizzes

Quizzes are fun and help us remember important facts. These well-targeted and tailor-made quizzes will boost self-esteem and confidence among kids.

4. Thrilling competitions

Regular competitions are conducted to encourage students to showcase their skills and develop their ideas.

5. Learning Certificates

Show the world what you can do with a certificate for every amazing skill you master.

Top 10 benefits of learning at Codingal

6. Live personalized classes

Understand concepts faster with personal attention from teachers. Learn coding from highly qualified teachers trained to make learning effective and impactful.

7. Lifetime access to class videos

Forgot what was taught in the last class? No worries. Watch the recorded class video anytime to refresh your memory.

8. Lifetime access to resources

Get lifetime access to our exclusive learning content including DIY sheets, videos, and other resources.

9. Gamified learning

Codingal makes learning fun with gamification. Students can take quizzes or complete projects to earn points, badges, and rewards.

10. Community of young coders

Get access to our community of 150,000+ students to collaborate, share projects and solve real-world problems together.

Students and parents love Codingal

Roopa Tanti

Codingal parent

Codingal builds a strong foundation and has helped enhance my daughter's confidence and creativity.

Muhammed Umer Azhaan

Codingal Student

The best thing about learning coding with Codingal is the teachers who always went the extra mile for me.

Ira Khandelwal

Codingal Student

I'm glad I picked up coding at an early age as it has improved my logical thinking and sparked my creativity.

Ikumi

Codingal Parent

Codingal's well-structured courses have made coding fun for my son. They're the best and the quickest.
